

All Strings

V/S: Asterisms (Animoplasma Puppet Strings) and Worldroot (Cosmoplasma Thorn Vines)

H: Sparkers (Luminoplasma Barbed Wire)

Y: Yoru (Tsukiplasma Chains - Same name as user)

K: Causality (Samsara + Liebestraum Ougioplasma Scarf-Hands Version) and Causality (Ougioplasma Strips Version)*

*Like Animoplasma having a Celeste Form, Ougioplasma also has a higher energy output, more dense and concentrated form, which when activated, creates a process similar to ignition, giving the power a bright orange, flame-like appearance, as if something is being perpetually set on a bright orange fire. The scarf looks as if set on fire, the strips look as well and any other possible expression of this energy. The name of this form is Kagutsuchi.

“... It's as if the Red Aegis is the “Mirror Life” to all of the other Aegis Energies”.
